

Industrial Technology Curriculum Alignment

Alignment is an important step in the school improvement process where teachers evaluate what is taught from grade-to-grade in your district.

During this workshop, content teacher-teams will align curriculum to state standards and assessments. This process includes:

- Identifying what is taught
- Align this content to state standards
- Align the content taught to assessments
- Analyze this document for instructional overlaps and gaps in instruction

Date: 5/1/2008

Time: 9:00 a.m. - 3:00 p.m.

Site: ESU #9 DL

Presenter/Facilitator(s):
Professional Development Team

Registration Deadline: 4/25/2008

Questions: Jackie Ediger -
